Application Form

How to choose your course Think carefully about why you are choosing a subject. Is this to help you with your future career choice or University aspirations? How relevant is the course to your future aims?

Read carefully the entry requirements for each course – how likely are you to meet them? You will not be able to join a course unless you meet all entry requirements.

You will need 5 GCSEs at grades A*-C to study for any Level 3 qualifications and you must have a grade C at both Maths and English GCSEs to study for A-Levels. You must choose to study a minimum of 3 courses and a maximum of 4*. Courses can be A-Levels, BTECs or a mix of both. However, if you choose to study a 3 A-Level equivalent BTEC course, you will not be able to choose another course as well.
