Educational excellence for our City

Dear Parent/Guardian

After half term students in Years 7, 8 and 9 will be sitting their end of year assessments in all subjects. Students will be assessed on work that they have done this academic year, and the results will allow us to measure how well your child has progressed this year. In July you will receive a report with the outcomes of these assessments in all subjects and this should provide a useful summary of how your child has performed in the end of year assessments and enable you to review progress throughout the year.

We hope that your child does their best in these end of year assessments. To provide support and assistance for this we have enclosed a copy of the exam timetable. All assessments are completed in class rooms in exam conditions. We have also made resources to revise from available on the school website, and class teachers are preparing their groups for the upcoming exams in lessons.

We appreciate your support in aiding your child to revise and prepare for these assessments.

Yours sincerely

Mr Hussey
Vice Principal
